

Personal Tax – Balance owing

If you have an outstanding (owing) balance on your personal tax return and are unsure about how to make a payment, please refer to the following payment methods. Note that if you owe \$2 or less, no payment is required.

Your balance owing is due April 30, 2023. You should pay any amounts you owe on or before this date to avoid interest and late-filing penalties.

The CRA will charge daily compound interest on any outstanding balance starting May 1, 2023, until your balance is paid in full.
